Re: Declaration for U.S. Patent application entitled:
"Multi-Axial Positioning System for a Surgically-Implanted Spinal Support"

Dear Mr. Murray:

Enclosed please find a copy of the above referenced U.S. patent application for your review. The U.S. patent law requires that I make this application and Declaration available to you, which is what I am doing by way of this letter, seeking execution by you as a named inventor. Please advise me if you can execute and return this Declaration for filing by no later than **May 31, 2006**. If you are unwilling to review this application and sign the Declaration, please confirm same so I can inform the U.S. Patent Office. If I do not hear from you by **May 31, 2006**, I will presume you are unwilling to review this application and sign the attached Declaration/Power of Attorney, and I will notify the U.S. Patent Office of same.

I hope you will take the opportunity to review this application, but understand if you are unwilling to do so. I look forward to hearing from you one way or the other shortly. If you have any questions, please don't hesitate to contact me.

Very truly yours,

Robert C. Klinger
